

Q7

Audi Q7

Audi
Vorsprung durch Technik 

Greatness
starts, when
you don't stop.

Audi Q7

The epitome of quattro – given progressive form.
Powerful and striking.

Pushing to the limit always keeps you ahead.

Dynamism that makes its mark. Created by powerful, efficient TFSI engines. Up to 333 hp. And up to 440 Nm. Generously designed for engine power and power delivery. Fuel consumption and emissions kept in check. High-level performance that adapts itself to your personal driving style. Thanks to the 8-speed tiptronic and Audi drive select. From efficient in "efficiency" mode to very sporty in "dynamic" mode. With improved cornering on fast roads. So that you can extend your lead on any road.

Driving enjoyment.

quattro. Driving confidence in every situation.

35 years of quattro. An ever-ending success story. And one whose next thrilling chapter is set to impress. In the new Audi Q7. With the tried-and-tested quattro drive. Increased traction comes as standard. For excellent driving dynamics. Permanently. Underpinned by the new Audi drive select modes, such as "offroad". Making impressive use of all this car has to offer.

**Seeing further will also
get you further ahead.**

Shedding light on the future. With optional Audi Matrix LED headlights. Their crystalline
shine ensures bright, homogeneous illumination of the road. Clear right down the line.
Thanks to high-precision, individually controlled light-emitting diodes. Making a visible
impression. LED rear lights are also standard. Plus dynamic indicators at the rear.
Safety and comfort shine in a new light.

Comfort on a higher level.

The interior concept of the new Audi Q7: space to unleash your ideas. Take the seats, for example. Choose from a wide selection of high-quality materials, colours and functions.

Premium quality, excellent workmanship. Seen and felt in the optional high-quality Valcona leather upholstery. Elegant atmosphere included. Double layers for various customised application combinations. Just as you like it. You can also tailor the automatic air conditioning to your wishes. And, if you want, to those of your passengers with up to four individually adjustable climate zones.

You only thought you'd seen everything.

The future of mobility is right here.

It's plain to see from the driver seat with Audi virtual cockpit.

The fully digital instrument cluster with high-resolution 12.3-inch display.

A host of information

the driver needs clearly in sight.

Razor-sharp, brilliant and rich in contrast.

With MMI navigation

plus with MMI touch on request.

Additional 8.3-inch display area with the extending

MMI display.

Intuitive operation included.

Thanks to the intelligent new MMI control concept.

Fewer buttons, more functions.

Vehicle settings, navigation, telephone and media.

An even larger touchpad for even easier operation.

Using the complex technology then

becomes child's play.

So you can relax and focus on discovering new destinations.

Flexibility creates new space.

Space redefined. Or simply taken literally. Made possible by a seat and loading concept that concentrates solely on what's essential. You. With a generous feeling of space. And many different configuration options. For the right number of seats and amount of luggage at any given time. With a comfortable bench seat as a second row. Optionally including separately adjustable seats for flexible volume in the luggage compartment. And a third row of seats on request. With two individual seats and electrically folded and raised backrests. Easy entry comes as standard. The new Audi Q7. With two, three, four, five, six or seven seats. And up to six child seats. Row upon row of good ideas for your flexibility.

Leaving virtually no trace allows you to make your mark.

The new Audi Q7 makes its mark in many ways. Through redefining design. Thrilling performance. Innovative technologies. And needless to say, it leaves virtually no trace when it comes to lightweight construction. Up to 35 kg weight reduction compared to its predecessor. Achieved through progressive ideas and a intelligent mix of materials. For even better driving dynamics, increased efficiency and CO₂ values that are exemplary in this class.

Simplexity

Vorsprung simplifies.

Performance

Vorsprung accelerates.

quattro

Vorsprung is superb.

Lighting Technologies

Vorsprung is pioneering.

Vorsprung durch Technik.

Audi takes you further.
The world is constantly changing. Technology is advancing at an ever faster pace. And in the process, more and more opportunities are opening up to you – nowhere more so than in the field of mobility. We are playing an instrumental role in shaping this progress. With a constant stream of new innovations. Striving to provide you with vehicles that enrich your life – and to help you get ahead in your mobile life.

quattro

quattro | Vorsprung is superb.
**All conditions are
perfect conditions.**

Have the road completely under control, thanks to permanent distribution of the drive force to all four wheels. The rear axle is variably controlled via a self-locking centre differential. Always as the situation demands, always selective. Experience handling stability, dynamics and agility as never before and combat the effects of over- and understeer with quattro. For increased traction and superior propulsive power. Take any road. And always keep your eyes set on where you're heading. In bends. On straight. On nearly any surface. For a fascinating experience that sticks to the road and in your mind.

→ **Wheel-selective torque control**
improves driving stability during fast cornering.

→ **Centre differential**
distributes the drive force between the axes as needed.

Lighting technologies | Vorsprung is pioneering.

See and be seen better.

Darkness is relative. The optional Audi Matrix LED headlights virtually turn night into day. State-of-the-art, pioneering lighting technology for excellent and intelligent illumination of the road. For increased visibility. And to attract attention. But Audi Matrix LED headlights won't thrill you only at night. They're a spectacle during the day, too.

→ Audi Matrix LED headlights*

are controlled by a camera and software to suit the course of the road and the position of other road users, illuminating the environment using innovative, configurable, dimmable LEDs in near-digital colour. For even more safety on the road.

*Optional add-on. Options are subject to availability and may take time to make for delivery.

Performance | Vorsprung accelerates.

Get the most out of every drive.

Get in. Buckle up. Start the engine. Wherever you're heading, enthralling driving dynamics will power you there. For as you know, the world is your oyster once you get behind the wheel of your Audi Q7. You decide the direction. The driving style. The pace. With higher power and lower fuel consumption. And enjoy the satisfaction of knowing you have plenty in reserve. More than enough to get the very best from every drive.

→ TFSI

Audi TFSI engines attain a particularly high compression rate. The result: outstanding efficiency combined with optimum performance. Substituting supercharging for cubic capacity has the effect of considerably reducing engine size and weight – while performance remains as impressively dynamic as ever. For power delivery that will win you over from the word go.

→ Audi drive select

The standard Audi drive select lets you adjust the driving characteristics of the new Audi Q7 to suit your requirements. At the push of a button. Sportier, more comfortable, more balanced, more economical or even tailored to your requirements – you decide.

→ adaptive air suspension

The electronically controlled air suspension including tilt angle display acts separately on each of the 4 wheels, providing for balanced handling characteristics even with a heavy load.

→ All-wheel steering

The optional all-wheel steering considerably reduces the turning circle when driving slowly. When driving fast, it helps to increase the driving dynamics.

Simplicity | Vorsprung simplifies.

Never lose sight of the big picture.

Streamlined. Clearly arranged. Logical. The world of mobile infotainment: with the Audi Multi Media Interface (MMI) and many other controls that allow you to easily negotiate in the cockpit without losing sight of what's happening on the road. Together, they make phoning and navigating highly intuitive, highly functional and highly convenient – not least thanks to a wide range of equipment options, such as the voice control system, head-up display, Audi virtual cockpit. Experience how easy and intuitive equipment can be to operate.

Audi tablet*

provides a range of fully integrated and networked entertainment options and can be used in the rear of the vehicle and even outside it.

Audi MMI

increases driving comfort with an intuitive control and display system for infotainment and vehicle functions, including inter-device MMI search by entering free text.

Audi virtual cockpit

Control a host of functions and MMI services displayed within your field of vision. You also have the choice between the 2 display variants classical and progressive, which show a wealth of information the driver needs in brilliant image resolution.

Multifunction leather steering wheel

including shift paddles. Allows you to control many functions, including the driver information system, without moving your hands from the steering wheel.

Voice control system

allows you to use everyday language to control many essential functions of the car: phone, radio, CD player and the navigation system.

Remaining faithful to the sporty line: the S line packages.

The S line packages emphasise the sporty character of your Audi Q7. Accentuate the dynamic body line, lend the interior even more expression or give the suspension even sportier definition for enhanced driving dynamics. And make a true athlete of your Audi.

S line exterior package

Front and rear bumpers, door trim strips, side radiator grilles and diffuser insert in a striking, sporty design

Front and rear bottom bumper sections, door trim strips and wheel arch trims painted in body colour

Diffuser insert in platinum grey, insert with honeycomb grid in black

S line roof edge spoiler

Loading sill protector in stainless steel

Headlight cleaning system

Door sill trims with S line logo

S line emblem on the front wings

S line sport package

The following range of equipment is included in the S line sport package:

Cast aluminium wheels in 5-parallel-spoke design
size 9 x 20 with 285/45 R 20 tyres¹

Door sill trims
with S line logo

S line emblem
on the front wings

Interior dashboard and headlining
in black, contrasting stitching on seat upholstery, sport leather steering wheel, leather-covered trim armrest, floor mats and door frames

Sport seats, front
electrically adjustable, including electrically adjustable 4-way lumbar support

S line seat upholstery
in perforated Alcantara/leather in black with S embossing in the front-seat backrests

S line sport leather steering wheel in 3-spoke design with multifunction plus and shift paddles
in black leather (steering wheel grips in perforated leather) and with S line emblem

Selectortrev
in perforated black leather

Upper armrest
in brushed aluminium, S line

Lower armrest
in chrome paint finish, slate grey

Loading sill protector
in stainless steel

The right driving force for every personality.

No matter which Audi engine you choose, they all have high compression ratios, highly efficient combustion and outstanding efficiency. In short, they deliver more power whilst using less fuel and producing fewer emissions.

TFSI

The Audi TFSI engines offer outstanding efficiency and improved performance whilst at the same time retaining their dynamism. The 3.0 TFSI quattro in the new Audi Q7, for example, has a power output of 333 hp, enabling the car to accelerate from 0 to 100 km/h in 6.3 seconds and reach a top speed of 250 km/h.

- **2.0 TFSI quattro (252 hp and 370 Nm)**
- **3.0 TFSI quattro (333 hp and 440 Nm)**

**Quality given form.
And a brilliant finish.
Audi wheels.**

To make sure you have peace of mind for every meter of your drive, Audi puts its wheels through an exacting series of specialized test procedures. Hardness tests, for example, aim for maximum stability, while a copper accelerated salt spray test – CASS for short – using acetic acid guarantees the greatest possible corrosion protection. Thanks to these and many other measures, we can ensure that every Audi wheel offers maximum quality – even after scores of kilometers. No matter which of the numerous designs you choose.

Cast aluminium wheels in 5-spoke design
size 8.5 J x 19 with 255/55 R 19 tyres
(2.0 TFSI quattro)

Cast aluminium wheels in 10-spoke star design,
contrasting grey, partly polished
size 9 J x 20 with 285/45 R 20 tyres
(3.0 TFSI quattro)

Audi Genuine Accessories. As individual as the life you lead.

Dynamic movement from A to B. And then, inspired, just keep driving. This is par for the course with your Audi Q7. Not least because it is prepared for a multitude of individual requirements from A to Z. Thanks to Audi Genuine Accessories. Products that will inspire you to new destinations again and again. And keep all our quality promises day in, day out. Benefit from customised solutions with convincing design and functionality. Because creativity in development and high production standards alongside numerous testing procedures are just as decisive for Audi Genuine Accessories as for the Audi vehicles themselves. Discover which tailor-made ideas Audi Genuine Accessories have ready for your lifestyle. A few highlights are illustrated here, but please contact your Audi partner for more information on the complete range.

Audi Entertainment mobile

With its 10-inch touch screen, the third generation Audi Entertainment mobile promises maximum entertainment in excellent image quality while honouring progressive Audi design. It is an excellent platform for videos, photos, games and music. Intuitive software, numerous connection options (SD, USB 2.0, HDMI-IN, etc.) and high functionality included. Internet access is possible by connecting to a Wi-Fi hotspot (e.g. via Audi wireless internet access). The device can be fitted in the vehicle on the backrests of the front seats or used outside the vehicle.

Requirement: preparation for Rear Seat Entertainment.

Luggage boxes

New Audi design with improved aerodynamics thanks to a flat, sporty look. Platinum grey roof box with brilliant black side blade and chrome-plated Audi rings; top-quality, rivet-free look. Can be locked and opened on both sides for convenient loading and unloading. Within the handle for pulling the box closed. Simple quick attachment system including torque restriction. Position moved forward for better access to the luggage compartment.

Carrier unit

for various roof rack modules such as cycle rack or kayak rack. The profile section is made from anodised aluminium tube. The carrier unit is easy to install and lockable. Maximum permissible total weight of carrier, modules and load 100 kg.

Premium textile floor mats and rubber floor mats

Tailor-made for the floor dimensions of the Audi Q7. The floor mats are always fixed at the front using the points provided on the floor area of the vehicle. With Q7 logo.

Audi Q7	
Engine	
Displacement (cc)	
Max output (hp/rpm)	
Max torque (Nm/rpm)

Track (front/rear)	1,679/1,691
Unladen weight (kg)	1,985
Luggage compartment volume/ with rear seat bench folded (litres)	770/1955
Fuel Tank (litres)	75
Seating capacity	7-seater

2.0 TFSI quattro	
4-cylinder in-line petrol engine with direct fuel injection and exhaust gas turbocharging and Audi valvelift system	
Displacement (cc)	1,984
Max output (hp/rpm)	252/5,000–6,000
Max torque (Nm/rpm)	370/1,600–4,500
Transmission	8-speed tiptronic
Wheels & Tyres	Cast aluminium wheels in 5-V-spoke design, size 8.5J x 19 with 255/55 R 19 tyres
Acceleration (0–100 km/h)	6.9 seconds
Top speed (km/h)	233
Fuel consumption (combined)	7.3/100km
CO₂ emissions (combined)	169g/km

3.0 TFSI quattro	
V6 petrol engine with combined demand-controlled direct injection and manifold injection with mechanical charging module	
Displacement (cc)	2,995
Max output (hp/rpm)	333/5,500–6,500
Max torque (Nm/rpm)	440/2,900–5,300
Transmission	8-speed tiptronic
Wheels & Tyres	Cast aluminium wheels of 10-spoke star design, size 9J x 20 with 285/45 R 20 tyres
Acceleration (0–100 km/h)	6.3 seconds
Top speed (km/h)	250 (limited)
Fuel consumption (combined)	7.9 litre/100km
CO₂ emissions (combined)	183g/km

Dimensions in millimetres.
Dimensions were measured with vehicle unladen weight. Luggage capacity (l): 295/770/1,955 (second value: with 3rd row of seats folded down; third value: with the rear seat backrests folded down in a vehicle loaded up to roof height). Turning circle approx. 11.4 m.

The Audi experience

The fascination of Audi can be experienced in many different ways. Audi City Berlin, Audi City London and Audi City Beijing, for example, give you digital access to all models at their actual size and in real time. And of course it is always worth visiting one of the major motor shows. This is where Audi always presents its new models and invites you to take a look at how the future is being shaped with "Vorsprung durch Technik". Anyone interested in seeing how Audi is already putting this into practice will find fascinating insight in the "Vorsprung durch Technik" online special at www.audi.com.my. But a look back can also be rewarding: at the Audi museum mobile in Ingolstadt, history and high-tech go hand in hand. A total of 130 historic exhibits and state-of-the-art forms

of presentation make for a thrilling symbiosis. Plus, Audi driving experience allows you to live the excitement and countless possibilities of current Audi models. Here, pure driving enjoyment is combined with valuable learning effects. This is ensured by a team of specially trained and highly qualified instructors who provide practical tips to help you optimise your driving skills. All this can now also be enjoyed at the recently opened Audi driving experience center in Neuburg, near Ingolstadt. Facilities here include a circuit of up to 3.4 kilometres that features challenging combinations of bends, a 30,000 m² dynamic driving area and an offroad section where Q models can be put through their paces.

Discover the world of Audi.

Responsibility

Living up to our responsibilities is a principle that is firmly anchored in Audi strategy. Alongside commercial success and international competitiveness, our responsibility toward company employees and society as a whole is a key consideration, as is protecting the environment and conserving resources. Audi develops cars that are not only sporty and emotive but also ever more efficient. In the long run, Audi wants its products to allow CO₂-neutral mobility. Seeing to it that production in Audi plants

gradually becomes CO₂-neutral is another aspect of our comprehensive approach. Audi is also committed to society – particularly in the fields of education, technology and social projects. At Audi, sustainability is closely linked with how we see the future: the Audi Urban Future Initiative sees Audi working with international experts to get to the root of future urban challenges and trends in mobility.

Choosing an Audi means choosing a brand that offers more. More individuality. More exclusivity. More fascination.

Team spirit

Motorsport is a driving force behind the brand. For years

Audi has been among the champions in various racing series, for instance the 24 Hours of Le Mans or the DTM German Touring Car Masters. The values that are crucial in many different areas of sport are also central ones for Audi: precision, passion and technology. No coincidence then that Audi has been sponsoring sporting events for

many years. In the world of winter sports, for example, Audi has been the main sponsor of the German Ski Association (DSV) for almost three decades and has also partnered 16 other national alpine teams. In football, we support national and international teams. And Audi is also a partner for the German Olympic Sports Confederation.
